

Ms Chow Sau Fong

Expert Trainer, JCECC Project

Ms Chow is a pioneer of the psychosocial cancer care service in Hong Kong. She has been providing psychological support services to cancer patients through case work, group work, self-help group services and psychoeducational programs in community. Ms. Chow received professional training on Satir Growth Model and she invested great effort to promote family-centered care for families touched by cancer. Ms. Chow is an experienced social work field supervisor and she also provides clinical supervision for staff. She is currently the Expert Trainer of the Jockey Club End-of-Life Community Care (JCECC) project.
