

Ms Melissa Chiu

Senior Training Officer
JCECC Project

Ms Chiu is the member of American Academy of Experts in Traumatic Stress and Nation Center for Crisis Management. She devotes her focus on trauma education to the public and professionals. Over a decade of her professional work, she has dedicated her time and energy in working with individuals and families who have suffered from different kinds of trauma. She has extensive experience working with cases, group work with different ages. Besides having advanced counselling experience, Ms. Chiu has also conducted substantial amount of trainings for multiple professional groups including doctors, nurses, clinical psychologists, education psychologists, teachers and principals from secondary and primary school, university lecturers, social workers, police, and hotline crisis care workers.

Ms Chiu has developed a strong trauma-informed clinical perspective that supports her to hold her utmost respect for the resilience of her clients and participants, and to have the sensitivity to support them to work through the tough challenges in their lives. Her rich clinical experiences have helped her approach of professional trainings to be much more down-to-earth, and that she was able to connect with the audiences authentically and effectively.
